

3. Executive Director's Report:

Mrs. Silvestri-Ehret reported the WPA continues to provide services while following the guidelines put forth by the Governor and the Health Department. We offer services online and by appointment only. All employees are wearing masks and get tested every two weeks. The Town has begun administering vaccines and the WPA employees have begun to receive the first dose. The office continues to get sanitized periodically. Thank you to all the WPA employees for their diligence and observance of the additional requirements in order to remain safe.

Revenue is down, but we continue to hold our own and only pay for what we really need. We have tightened our belt and continue to monitor expenses. We have not had to furlough any employees.

We have a bond coming due in May; therefore, a resolution will be presented in our next meeting for the rollover of the bond. Otherwise, its business as usual.
